**Good Food Fund Grant Round 2: Priority Community Areas**
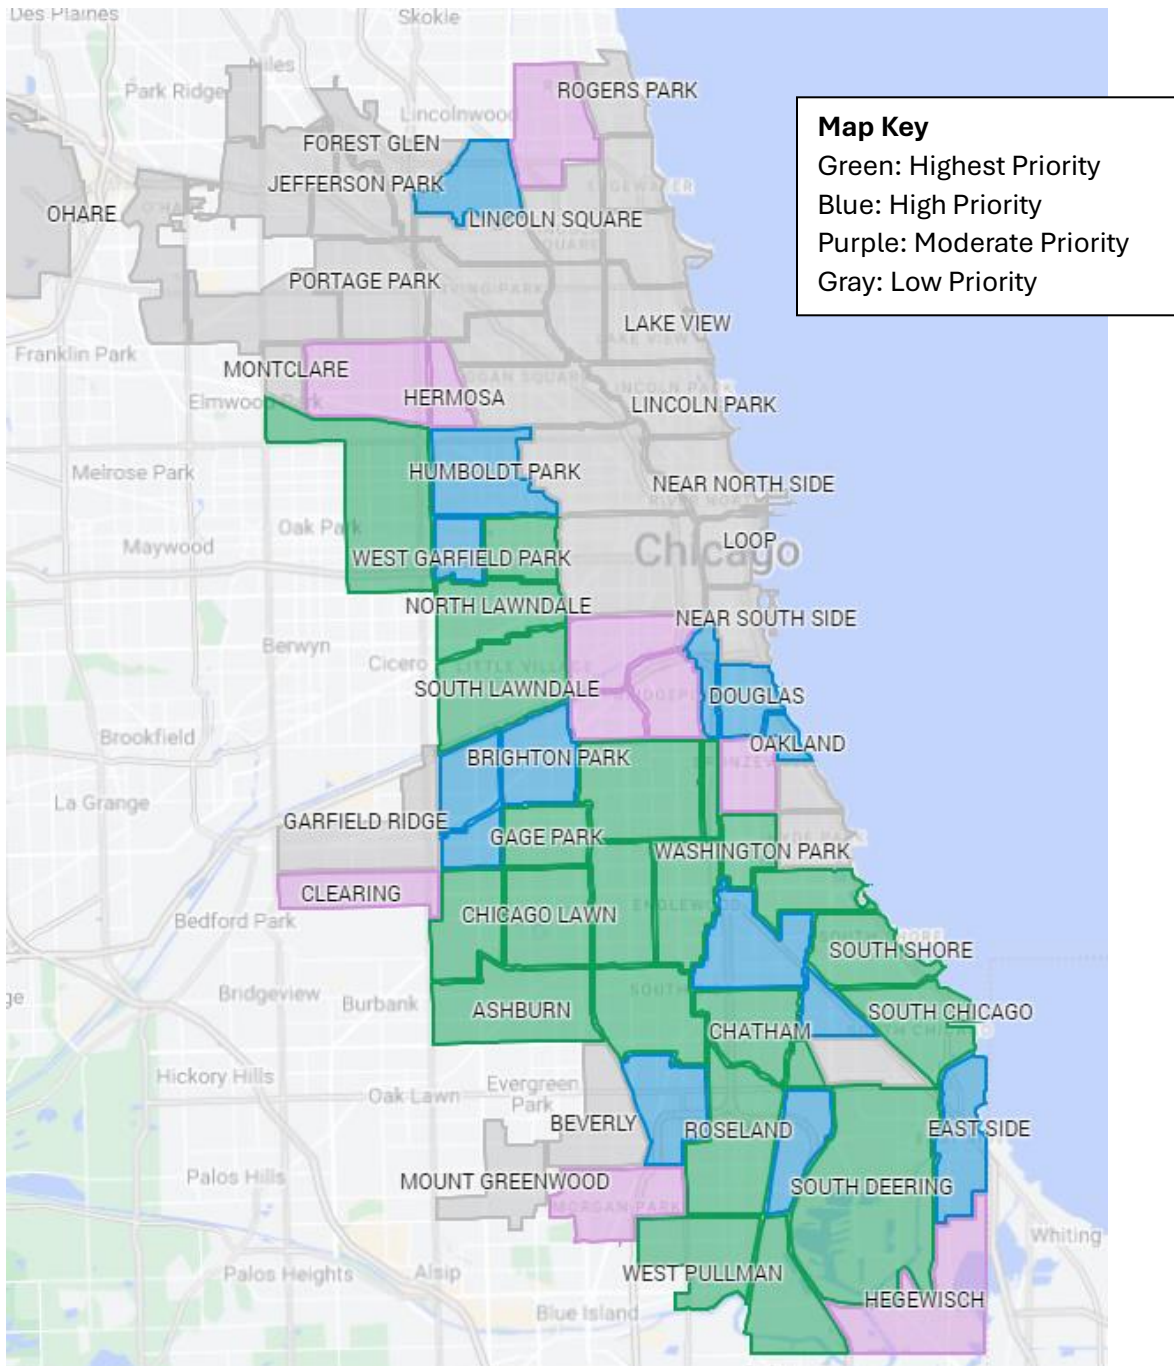

Location is one factor used to prioritize Good Food Fund grant applications. This map is designed to help applicants understand which community areas will receive higher priority in the selection process. It applies only to the grants, not to other Good Food Fund services. See page 2 for the full list of community areas.

Community areas do not always match the boundaries people commonly associate with Chicago neighborhoods. You can find the official City of Chicago community areas map here.

| Community Area | Good Food Fund Grant Priority Level | Community Area | Good Food Fund Grant Priority Level |
|---|---|---|---|
| Albany Park | Low | Lincoln Square | Low |
